Benefits Renewal Notes

Benefits Renewal Notes

Internal reference code: CNRY-dd4cdf23.

Date: October 15, 2023
Prepared by: Lila Hart, HR Benefits Coordinator

Overview
As we approach the annual benefits renewal period, we want to ensure all employees are aware of the updates and options available for 2024. The open enrollment period will run from **November 1, 2023, to November 30, 2023**. We encourage everyone to review their current benefits and consider any changes that may better suit their needs next year.

Health Insurance Options
We are pleased to announce that our current health insurance provider, **MediCare Europe**, will continue to offer three tiers of coverage: Basic, Standard, and Premium. The Premium tier has seen a **7% increase** in monthly premiums, bringing the cost to **EUR 295 per month** for employees. The Basic and Standard tiers will remain unchanged at **EUR 145** and **EUR 225** respectively. Additionally, MediCare Europe will now cover **up to EUR 1,500** in outpatient specialist consultations, an increase from the previous EUR 1,000.

Dental and Vision Plans
Our dental and vision providers, **SmileGuard** and **ClearVision Services**, will also renew their contracts. SmileGuard will introduce a new **Family Dental Plan** for employees with dependents, offering comprehensive coverage for all family members at a flat rate of **EUR 75 per month**. ClearVision Services will maintain its current pricing but will add **laser eye surgery** to the list of covered procedures, subject to a **20% co-pay**.

Wellness and Flexible Spending Accounts
We are excited to introduce a new **Wellness Program** in partnership with **FitLife Partners**. This program includes access to exclusive gym memberships, mental health resources, and wellness workshops. Employees can enroll during the open enrollment period at no additional cost.

Additionally, our **Flexible Spending Accounts (FSAs)** will see an increase in the annual contribution limit to **EUR 5,000**, up from **EUR 4,500**. This allows employees to set aside more pre-tax dollars for healthcare, dependent care, and now, wellness expenses.

Next Steps
All employees will receive an email with a personalized benefits review and enrollment link by **October 25, 2023**. Please ensure you complete your enrollment by **November 30, 2023**, to avoid any gaps in coverage. Should you have any questions, our HR team is here to help. You can schedule an appointment with a benefits specialist via our intranet portal.

We thank you for your attention to this important renewal process and look forward to ensuring Brightmoor Foods remains a great place to work in 2024 and beyond.
